The UVA Center for Politics is embarking on an exciting expansion to prepare for the University’s third century.
Join us and invest in...

Tomorrow’s Leaders
UVA Student Stipends
Help spread the Honor Code to the halls of Congress and other State Capitals. Your gift will equip UVA Students in need with the resources to accept unpaid governmental and political internships. With your support we will further enrich students drawn to the higher calling of public service and help launch the careers of the next generation of ethical UVA leaders in politics.

The Jeffersonian Mission
Civic Program Endowments
Sponsor award-winning programs, films, and events and further strengthen the University of Virginia’s largest public service. We annually provide teaching resources and produce nationally recognized programs to spread the fundamentals of American democracy and foster Jefferson’s vision of a more engaged and educated citizenry.

New Frontiers
Library, Classroom and Public Assembly
Join us at the ground floor to establish a new student impact hub. Initial steps have been taken to build an expansion at the Center’s current home at Montesano, on north Grounds. This multi-faceted building project offers attractive naming opportunities at varying levels.

Continuing a Legacy
Faculty and Leadership Endowment
Ensure the continued success of the Center for Politics and the advancement of important Jeffersonian ideals for generations to come by making a gift to the leadership endowment. Enhance Professor Sabato’s lifetime commitment to the University by preparing for the future.
